Subject:

Statewide Matrix of Early Childhood Programs   Appendix G
California Community College Systems

Reason For Change:

To provide a complete revision of the "California Community College System Statewide Matrix of Early Childhood Programs". The Matrix is a guideline that defines the relationship between a community college's Early Childhood Education/Child Development (ECE/CD) program and the Title 22 requirement for 12 semester units (or equivalent quarter units).

Filing Instructions:

X   REMOVE – EM Appendix G (EM Issue 01APX-06 Errata) in its entirety.

X   INSERT – Attached Matrix dated September 2002 under EM Appendix G.

Approved:

CALIFORNIA COMMUNITY COLLEGE SYSTEM

STATEWIDE MATRIX

of

EARLY CHILDHOOD PROGRAMS

for

CALIFORNIA STATE DEPARTMENT OF SOCIAL SERVICES

COMMUNITY COLLEGE CHANCELLOR'S OFFICE

CHILD DEVELOPMENT ADVISORY COMMITTEE

and

CALIFORNIA COMMUNITY COLLEGES

EARLY CHILDHOOD EDUCATORS

Revised September 2002

Introduction

The Statewide Community College Matrix of Early Childhood Programs was originally developed from a state-level request by the California Department of Social Services to assist licensing evaluators in identifying which community college courses complied with Title 22 requirements for child development teachers and directors. The original Matrix was completed in 1988 through a regional process by the California Community College Early Childhood Educators (CCCECE) and the Community College Chancellor's Office Child Development Advisory Committee.

The Matrix is a guideline that defines the relationship between a community college's Early Childhood Education/Child Development (ECE/CD) program and the Title 22 requirement for 12 semester units (or equivalent quarter units).

The Matrix is organized by region and community college and reflects the established regional network for community college early childhood/child development programs. Each community college within a region is listed in the table of contents, and the Regional Catalyst and Assistant Catalyst for each region are also identified in the Matrix.

In the Matrix, a special numbering system identifies the classifications of courses for use by the Department of Social Services:

        DS 1: Child/Human Growth & Development
        DS 2: Child, Family & Community
        DS 3: Program/Curriculum (includes Practicum & Guidance)
        DS 4: Infant Care & Development
        DS 5: School-Age Care/Program
        DS 6: Admin./Supervision CD Programs
        DS 7: Health & Safety

Within the above classification system, each community college lists its ECE/CD courses, i.e., under DS 1 (Child/Human Growth and Development) Ohlone College places their course called ECS 301 - Child Growth and Development and includes the unit load for the course by indicating (3).

It is recommended by the California Community College Early Childhood Educators that the requirement for courses in DS 1 and DS 2 be satisfied with at least 3 semester units or 4 quarter units in each category. It is also recommended that a minimum of 6 units be taken in DS 3 - Program Curriculum, with the option that if the person is working specifically with infants or school-age children that they should apply 3 units in DS 4 or DS 5 towards these 6 units.

Courses listed in DS 6 on the Matrix are Administration units that satisfy the Title 22 requirements for 3 additional units required for Directors.

As a tool for licensing evaluators, the Matrix is comprehensive, but evaluators must still utilize the Evaluator Manual for policy and procedure information. If necessary, an applicant (for licensing) may still need to contact the community college for further course information to assist the licensing evaluator in making decisions regarding course acceptability.

In addition, licensing evaluators may find the Matrix of some use when reviewing state university ECE/CD courses. The Matrix, however, is only directly applicable to community college ECE/CD courses.
